

NLTV AUTO-RUN FEATURE

AUTOMATE YOUR NLTV REPORTS - RPD+ Markets

Monthly data delivered daily or weekly to your inbox

Available in the following modules:

- Time Period Standard or Program Standard only
- Select upcoming ViP month
- Available as a **Daily Average or Weekly Average** with only one average option per report submission. Rolling averages also available.
- Week definition is 7 days from the first selected date
- 31 day maximum selection
- Characteristics – Change to **TV HHs** for data date +3 delivery
- Note: If pulling the full day for MT/CST times, day should be 3a-2a

SETTING AUTOMATED REPORTS

1) Select upcoming VIP month and ADD

2) Select Daily or Weekly within Average Options menu to enable auto-run feature

3) Submitted and completed reports will be listed on your Report Manager screen

The screenshot shows the 'Time Period - Standard Analysis Report: Date Range' configuration screen in the MEDIAMI system. The interface includes a 'Calendars' section with a grid of dates for VIP months (June, July, August, September) and a 'Selected (1 Custom Ranges : 28 Days)' section. The 'Auto Run' checkbox is highlighted with a red circle, indicating it is checked. The 'Rolling Average' checkbox is unchecked. The 'Start Date' is 08/25/2022 and the 'End Date' is 09/21/2022. The 'Days Of Week' is set to M-Su.

NLTV AUTO-RUN FEATURE

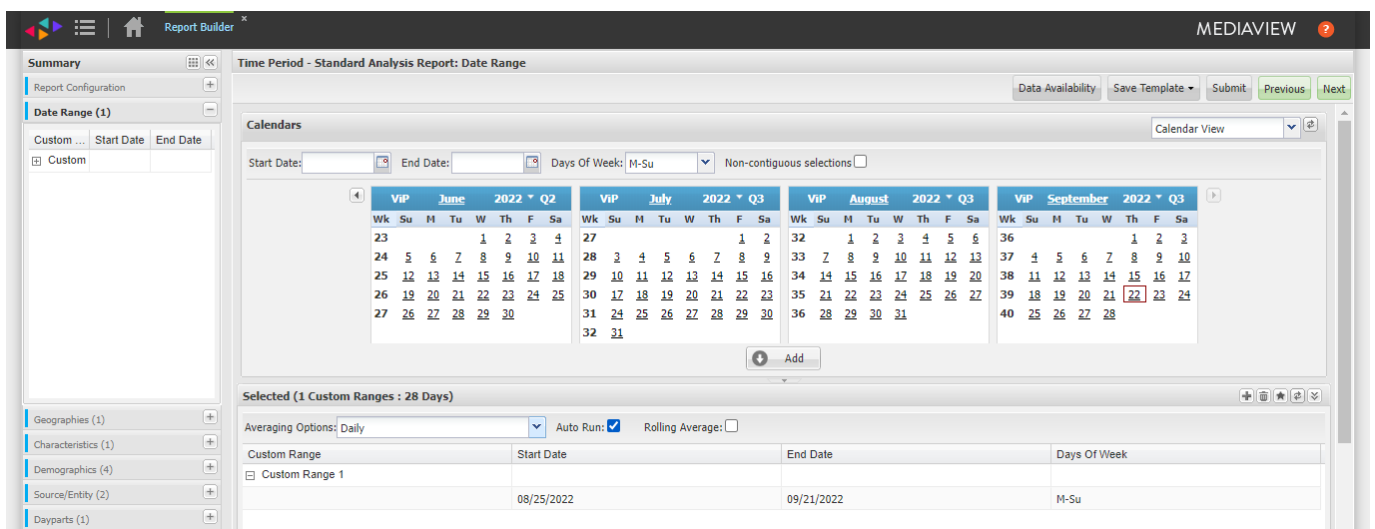

UPDATING EACH MONTH - RPD+ Markets

When the next survey period begins, new dates will become available:

- Highlight any previous version of the report (or a saved template) and click Edit Template.

- On the Date Range screen, clear the previous dates and add the new dates.
- Select the Auto run check box and preferred options. Submit.

Submitted reports will be listed on your Report Manager screen
