NIelsen SHOPPER TRENDS

STRENGTH OF KEY RETAILER BRANDS

STORE EQUITY INDEX

Store Equity Index is calculated from preferred recommendation, willingness to pay price premium, willingness to travel

STORE EQUITY - KEY TO LOYAL SHOPPERS

Shopper Trends provides a unique measure of Store Equity based on Nielsen's proprietary measurement technique, Winning Brands™.

The Index measure enables you to understand the strength of your retailer brand against competing banners and track performance over time.

Retailers that grow their Store Equity increase their chances to win the battle for loyal shoppers.

RELATIVE RETAILER PERFORMANCE ON ATTRIBUTES

RETAILER ASSOCIATIONS

WHAT MATTERS TO SHOPPERS?

Shopper Trends uncovers what matters to shoppers but also how each retailer is performing against these attributes that are considered important.

By understanding which attributes are most important to shoppers, you can ensure retailer strategies are tailored to meet shoppers' most important requirements.

STORE RELATIONSHIP TIERS

(strength of shopper-retailer relationship)

HOW TO BUILD THE STRONG EQUITY?
